Green Icons

Environmentally friendly – products wholly or partially (min. 50%) made of natural materials. We also use this icon to mark products powered by solar energy and promoting ecological lifestyle.

Replacement for disposable product – products which constitute alternatives to single-use products. Thanks to their reusability, they do not create a demand for new products, and thus reduce the consumption of resources and energy needed for their production.

Eco-friendly packaging – Collective or single-layer individual, plastic-free, cardboard packaging enabling easy waste separation.

rPET – products made of recycled plastic bottles.
