Circular&Co. - the power of circular design

The circular drinkware of the brand Circular&Co. is made from recycled single-use (coffee) cups and/or old PET bottles. With these products, Circular&Co. are contributing towards a sustainable solution for global waste. The leak-proof, reusable products stand out with a beautiful, unique design and will last for many years. With the exception of the NOW Cup, Circular&Co. products feature a special lid, designed with patented 360-degree technology allowing you to drink from any angle. Combined with your printed logo, these are the perfect eye-catching products for use on the go.

W043

Circular&Co Recycled Coffee Cup 227 ml

Double-walled, circular reusable coffee cup with lid from Circular&Co. The outer insulating layer of this cup is made from used, recycled single-use paper coffee cups. With inner wall and lid made of PP. 100% leak free. The insulating effect keeps your hot drink hotter and cold drink colder for longer. The lid is designed with patented 360-degree technology, which allows you to sip from any angle. The coffee cup can be opened and closed with one hand and one click. Ideal for on the go. Food Safe, BPA-free and Melamine-free. 100% recyclable. Capacity 227 ml.

Natural Bottle 500 ml

Reusable water bottle made from sugarcane waste. The bottle has a bamboo cap. Leak-proof and BPA-free. Both plants, the sugar cane plant and the bamboo plant, extract CO2 from the air during their growth. You don't smell or taste plastic when you drink from this bottle. With this nicely designed reusable water bottle you positively contribute to diminish the greenhouse effect. Capacity 500 ml. Made in Europe. Meas. Ø 7.2 x 17.4 cm. Each item is supplied in an individual brown cardboard box. 50 g.

JoinThePipe

Clean drinking water for everyone

By purchasing a water bottle from the Join The Pipe brand you are contributing towards a fairer redistribution of drinking water worldwide. Every person has the right to 1.5 litres of drinking water every day and so Join The Pipe is installing public water taps across the world to achieve this goal. Each bottle is "a piece of the longest water pipe in the world" to bring water to those without. In addition, you are helping to reduce plastic waste when you switch to these reusable, sustainable and quality water bottles. Made in Holland.

Rebottled

Rebottled®: From wine bottle to drinking glass

Unique glassware made from upcycled wine bottles. Millions of wine bottles are thrown away every year after just one use. Rebottled® upcycles these bottles into 100% sustainable products (100% circular model). This process saves 98% of the water normally used in producing new glass. This means a reduction in CO2 emissions, waste and energy. Contribute to a cleaner environment and give those used wine bottles a chance at a happy, second life! Dutch design. Made in Holland.

VÖDDE

Sustainable socks won't change the world, it's the people who wear them that will...

The Dutch company Vodde, reuses discarded textiles to make new products. Vodde makes its yarn from cotton collected by local 'rag farmers' and from cutting waste from textile production in European countries where Vodde makes its own products. In addition, polyesters derived from PET bottles, nylon, fishing nets and other collected waste are also used.

These socks use a 100% circular economy manufacturing process. By wearing these socks you are contributing to a sustainable world with less pollution.

These socks are available made-to-measure and also with a customised design. Choose from nine standard yarn colours. All Vodde socks are supplied as standard in pairs with a label, or optionally in a box made from sustainable grass cardboard, which can be printed with your own logo. This way you can design your own socks that perfectly match any corporate identity. Developed and tested in the Netherlands, produced in the EU.

.99

W335

Trees are the future

The Treemore brand likes to share the wonder of nature and its love for trees. This is why Treemore creates products in which trees are the focus. Trees have a positive effect on mitigating climate change. They improve the air quality in cities, are of great economic value and have a key role in preserving the earth's biodiversity.

An original way to surprise someone whilst also making the world a little greener together. A thoughtful gift that grows with its recipient.

1131

made in Europe

Treemore Letterbox Trees

Mailbox trees from the Treemore brand is a product range in which the tree takes centre stage, where everyone can take care of their own tree at home, watching them grow. The trees are sourced from an Dutch nurseries and are delivered in a flower pot and packaging that has been specially developed to fit through a letterbox. The tree is supplied in the soil and in a bio-based flower pot made from elephant grass fibres. The packaging and the supplied information booklet are FSC certified and 100% recyclable. Available in different varieties: Olive tree (*Olea europaea*), Coffee plant (*Coffea arabica*), Tea plant (*Camelia sinensis*), Kaffir lime tree (*Citrus hystrix*) and Coast sequoia (*Sequoia sempervirens*). Meas. 18 x 7 cm. 172 g.

Green Seed Bags

Grow your own flowers or herbs with this growing kit. This set consists of a water-resistant grow bag with a coconut earth block and a bag of seeds from flowers or herbs of your choice: basil, parsley, mint, sunflower, forget-me-not, and daisies. Simply add 300 ml of water to the pressed soil and 1 litre of garden compost is formed. This compost is then used to plant the seeds. Besides being fun to grow your own herbs or flowers, this gift contributes to maintaining a healthy bee population. Ideal to send as a letterbox gift. Includes a personalised full-colour cardboard sleeve. Made in Europe. Meas. 10 x 10 x 1.5 cm. 80 g.

MADE[®]
out of

Recycled leather: from waste to luxury leather products

This recycled leather is made out of recycled leather waste from shoe and bag productions in Italy. The waste product is collected, ground and re-bound with water and natural binders. This material is then given a new purpose in the form of a new product in the MADE out of collection. These products are provided with a coloured top layer, made from a thin 100% water-based PU layer. Experience the feeling of luxury and comfort of these unique products with a limited ecological footprint.

Recycled wool felt: feel the warmth of recycled wool fibres

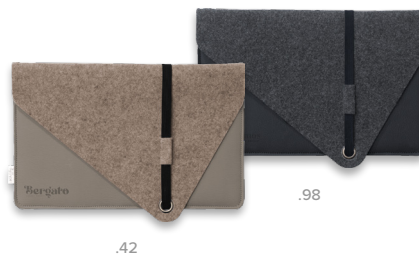

This recycled felt originates from Italy and is made from regenerated wool fibres. Old garments are used to create recycled fibres being separated by colour and type. At the end of the production process, the material looks the same as newly sheared wool. Recycled wool felt requires the use of less water and energy as well as significantly reducing CO2 emissions. The materials are largely provided with the GRS certificate. Discover the comfort of recycled wool felt in our beautiful, sustainable business gifts from MADE out of.

Vegan apple leather: with the luxurious look of real leather

Apple leather is a plant-based alternative to leather. It is created during a special process. 1.4 kilos of apples are needed to make 1 litre of apple juice. After the juicing process, the skin, core and pulp remain. This waste product is dried and ground and then made into apple leather with a mix of PU, polyester and cotton. This innovative process is both sustainable and vegan. Apple leather originates from Italy. In the Netherlands, as part of a social apprenticeship company, beautiful products are made from apple leather. The result? Surprisingly stylish promotional gifts with the look & feel of genuine leather.

An extra compartment offers space for books, documents and folders. The Smart Organisation compartment is useful for storing electronics, pens and other accessories. A Speed Pocket™ is included in the front of the backpack; an easily accessible place for storing valuables, travel documents and/or identity cards. With a mesh pocket, adjustable, comfortable shoulder straps and padded handle. This bag also has sturdy zips. Foam reinforcement on the back guarantees extra comfort when carrying. Capacity approx. 25 litres. Meas. 37.4 x 49.6 x 7 cm. 718 g.

Durable in every way

Ecowings make bags and accessories from truck inner tubes. Removing discarded inner tubes from the waste stream and upcycling them into high-quality products prevents the rubber from being burned and released into the atmosphere. Ecowings bags are durable and stylish with each one being unique.

Skilled craftsmen together with a local team in India make up the Ecowings company, designing and manufacturing bags by hand. In the Indore region, people of all classes are offered employment for fair compensation in a clean and safe working environment.

Ecowings contributes to a greener lifestyle, promotes upcycling and recycling and supports communities in India.

W362

Ecowings Funky Falcon Backpack

Backpack from the Ecowings brand. This cool backpack is made by hand from robust car inner tubes and recycled PET bottles. Supplied with a spacious main compartment and separate laptop storage for a laptop up to 17 inches in size. The front zip pocket offers space for small items that you would like to have at hand. Features include adjustable shoulder straps, a hanging loop, a padded handle and tough, waterproof zips with distinctive zip pulls. Fully lined. The foam reinforcement protects your laptop from damage and guarantees extra comfort when carrying it. All support material is made from recycled RPET.

Due to the unique character of each inner tube, each bag is also unique. No two bags are identical. A beautiful, stylish and durable product that will last for years. Washable, waterproof and Peta Approved Vegan. Capacity approx. 27 litres. Meas. 40 x 32 x 10 cm. 700 g.

Each item is supplied in an individual brown cardboard box. 450 g.

.98

W320

made in Europe

Walter Wallet Snap Wallet - 3 cards

The Snap Wallet by Walter Wallet is made from recycled leather: Cutting waste from shoe- and bag manufacturers in Italy is collected, ground, and bound with water and natural binders to create a rubbery new material. The visible leather particles combined with the binder give this material a lot of visual depth and a soft touch. Instead of burning the leather waste, it gets a new life as a Snap Wallet.

The iPhone 12 and 13 have built-in magnets that allow accessories to stick to your phone, this means you can attach our Snap Wallet to your iPhone. The backside of the wallet has a magnetic ring built-in that can connect to your iPhone 12/13. This way your phone and wallet become one convenient package to take with you. Meas. 9.6 x 6.9 x 0.4 cm. 25 g.

MOYU

A world full of greenery

The mission of the MOYU brand is to produce notebooks but without single use paper, without paper waste and without deforestation. Believing in a world without deforestation, MOYU makes notebooks from erasable stone paper. This paper protects trees, the water supply and does not require the use of bleach. Stone paper is also rewritable upto 500 times, making this product highly recyclable.

1798

Europe

MOYU Erasable Stone Paper Notebook

MOYU branded A5 erasable notebook made from stone paper. The extra sturdy cover is made from 700 grams of recycled cardboard. This notebook includes a pen and cleaning cloth. Each stone paper page is sustainably produced, naturally tree-free and 100% recyclable. This notebook, with an elastic pen loop, is bound in a strong wire-o binding and has 40 pages with a weekly planner, to-do lists, lined paper, blank paper, graph paper and dotted paper. Take down notes with the accompanying, special MOYU pen. This pen contains the original Frixion ink. This special ink dries completely on stone paper and is easy to erase without leaving a trace. Slightly moisten the supplied MOYU cloth with some water and erase the ink. This way, pages remain empty for new ideas and to-do lists. You can write on rock paper 500 times on average. This notebook will last you for years. Meas. 21 x 16 x 1.5 cm. 305 g.

Seed Paper Notebook A5

Notebook in A5 format with approx. 80 sheets/160 pages lined paper (70 g/m²). The cover of this notebook is made from so-called seed paper with flower seeds. This kind of paper is biodegradable and ecologically friendly, made by hand from recycled materials rather than from trees. The seeds are then embedded into the paper. If you plant the paper in the soil, the paper perishes, the seeds grow, and you are left with beautiful flowers. Meas. 14 x 21 x 2 cm. Each item is supplied in an individual brown cardboard box. 180 g.

Seed Paper Bookmark

Bookmark made from seed paper. A mix of flower seeds is glued between two layers of recycled paper (40 g/m²). Simply tear the biodegradable paper into pieces, plant it in some soil and water. The seeds will grow into flowers or herbs. A great way to lend nature a hand. Including full colour imprint on one side. Meas. 21 x 6 cm. 2 g.

Seed Paper Sticky Notes

Memo pad with soft cover made of seed paper and 50 sticky notes made of grass paper. This paper is made from grass fibres (up to 40% content) and FSC-certified forest materials. Grass Paper is an environmentally friendly and sustainable product due to the significantly reduced water and energy consumption required compared to using only virgin fibres. When you have used all 50 sheets of paper, you can plant the seed paper cover of the memo pad in soil. After watering, the seeds will germinate and the paper will grow in to flowers. A fantastic green and sustainable office product. Made in Europe. Meas. 10 x 7.2 x 0.6 cm. 41 g.

vibers™

Change the script – Join the vibe

Vibers are natural fibers created from fast-growing Dutch Elephant Grass (*Miscanthus x Giganteus*). Elephant grass grows locally on marginal soils in the Netherlands. Pesticides and irrigation are not necessary during cultivation of this grass. Vibers are suitable for making sustainable materials such as paper and cardboard, bioplastic and bioconcrete. The use of elephant grass helps to lower CO2 emissions, creating a better and more sustainable environment.

Europe

Vibers™ Notebook Elephant grass

A5 ECO notebook from Vibers™ with 64 sheets/128 pages of cream coloured, lined, FSC-certified paper (90 gr/m²). This notebook is made from elephant grass. A special plant that grows in the poor-quality Dutch soil of vacant land. Elephant grass absorbs 4 times as much CO2 as a forest and grows without the use of pesticides or irrigation. A responsible way to writing down good ideas and notes. Made in Holland. Meas. 21 x 14.8 x 1 cm. 200 g.

Gift Box FSC Kraft Paper

A sturdy box made from environmentally friendly kraft cardboard with the FSC quality mark. A contemporary gift box, providing protection for (eco) ballpoint pens, touchscreen pens and mechanical pencils. Each box is suitable for 1 writing instrument. Meas. 17 x 4.2 x 2 cm. 21 g.

.44

2331

Everlasting Pencil

Sustainable bamboo pencil that replaces the traditional lead pencil. It looks like a traditional pencil writes like a traditional pencil and can also be erased. However, this pencil has a graphite point with a writing length of up to approx. 20,000 meters. The tip does not need to be sharpened and wears very slowly, making this pencil last up to 100 times longer than a traditional pencil. Supplied with an eraser on top and a handy protective cap. Meas. Ø 0.8 x 17.5 cm. 7 g.

.44 .98

.44 .98

1882

Longlife Pencil

Durable pencil made from bamboo. This pencil has a graphite point which can write up to 20,000 meters of text. This product writes, and can be erased, exactly as a standard pencil. The tip does not require sharpening and hard wearing, meaning that this pencil last up to 100 times longer than its traditional wooden counterpart. Meas. Ø 0.9 x 15 cm. 7 g.

The world's only plantable pencils

Sproutworld tells the story of how sustainable change can be made through small innovations. Sproutworld makes a difference by making everyday products, such as pencils and pens, sustainable and giving them a second life in the form of flowers and herbs. These pencils, from the Sproutworld collection, are 100% sustainable and safe and have a green message to create environmental awareness.

The Sproutworld collection is produced according to the highest achievable ecological and social standards of Bcorp.

.40 .41 .42

W367

made in
Europe

Sproutworld Sharpened Pencil

100% sustainable Sproutworld pencil with a message for a greener planet. This sharpened point pencil is made from FSC-certified wood. Attached to the end of the pencil is a capsule (made from cellulose) which contains seeds. Once the pencil has become too small to use, plant the pencil along with the capsule into some soil. After 2-3 weeks, the seeds germinate and grow into beautiful flowers or fragrant herbs. Choose from sunflowers, forget-me-nots or basil. The name of the chosen plant will be engraved onto the pencil. The pencil contains no lead and is therefore completely safe. Made in Europe.

Meas. Ø 0.73 x 18.5 cm. 4,3 g.

Sproutworld Unsharpened Pencil

100% sustainable Sproutworld pencil with a message for a greener planet. This unsharpened pencil is made from FSC-certified wood. Attached to the end of the pencil is a capsule (made from cellulose) which contains seeds. Once the pencil has become too small to use, plant the pencil along with the capsule into some soil. After 2-3 weeks, the seeds germinate and grow into beautiful flowers or fragrant herbs. Choose from sunflowers, forget-me-nots or basil. The name of the chosen plant will be engraved onto the pencil. The pencil contains no lead and is therefore completely safe. Made in Europe.

Meas. Ø 0.73 x 18.5 cm. 4,3 g.

Product compliance

We make every effort to ensure the safety of our products.

- > Each product is assessed by a team of compliance specialists.
- > This team of compliance specialists stay informed of any changes in legislation and regulations to ensure the ongoing safety of our products.
- > Every risk product is tested and certified.
- > Certified testing agencies test products for quality, functionality and safety.
- > Internal Quality Control is in place for safety and functionality testing.
- > A declaration of conformity can always be requested for risk products.

Please contact us for current pricing and available stock levels. Subject to model changes, colour changes as well as printing errors. Fragile good such as stoneware and glassware are only delivered to EU countries.
