MADE IN EUROPE

Green PROMO

WE USE

- Ecological carton fillers
- Recycled paper for printers
- Reusable tableware

WE AVOID

- Cotton bags from countries with higher risk of workers and environment exploitation

WE LOOK

- For new ways to be green at work
- For new green products and inspirations, everyday

WE SUPPORT

- Employees in using bicycle to and from work

**WE INVITE
YOU TO BE
GREEN WITH US**

NATURAL MATERIALS

NATURAL MATERIALS

Products entirely or partially made of environmentally friendly materials.

RECYCLED MATERIALS

RECYCLED MATERIALS

Whole products or parts made from recycled materials.

CONSCIOUS LIFESTYLE

CONSCIOUS LIFESTYLE

Products that help to reduce our ecological footprint and support sustainable development.

SUSTAINABLE PACKAGING

Products with a minimum packaging or a reusable one.

Smart and world-friendly promotion

The collection for dynamic and independent people who value functionality and good design. Created to facilitate travel through everyday life.

Outdoor

pro-motion!

Functionality and style for outdoor activity lovers.
Air Gifts means promotion that can work in all conditions.

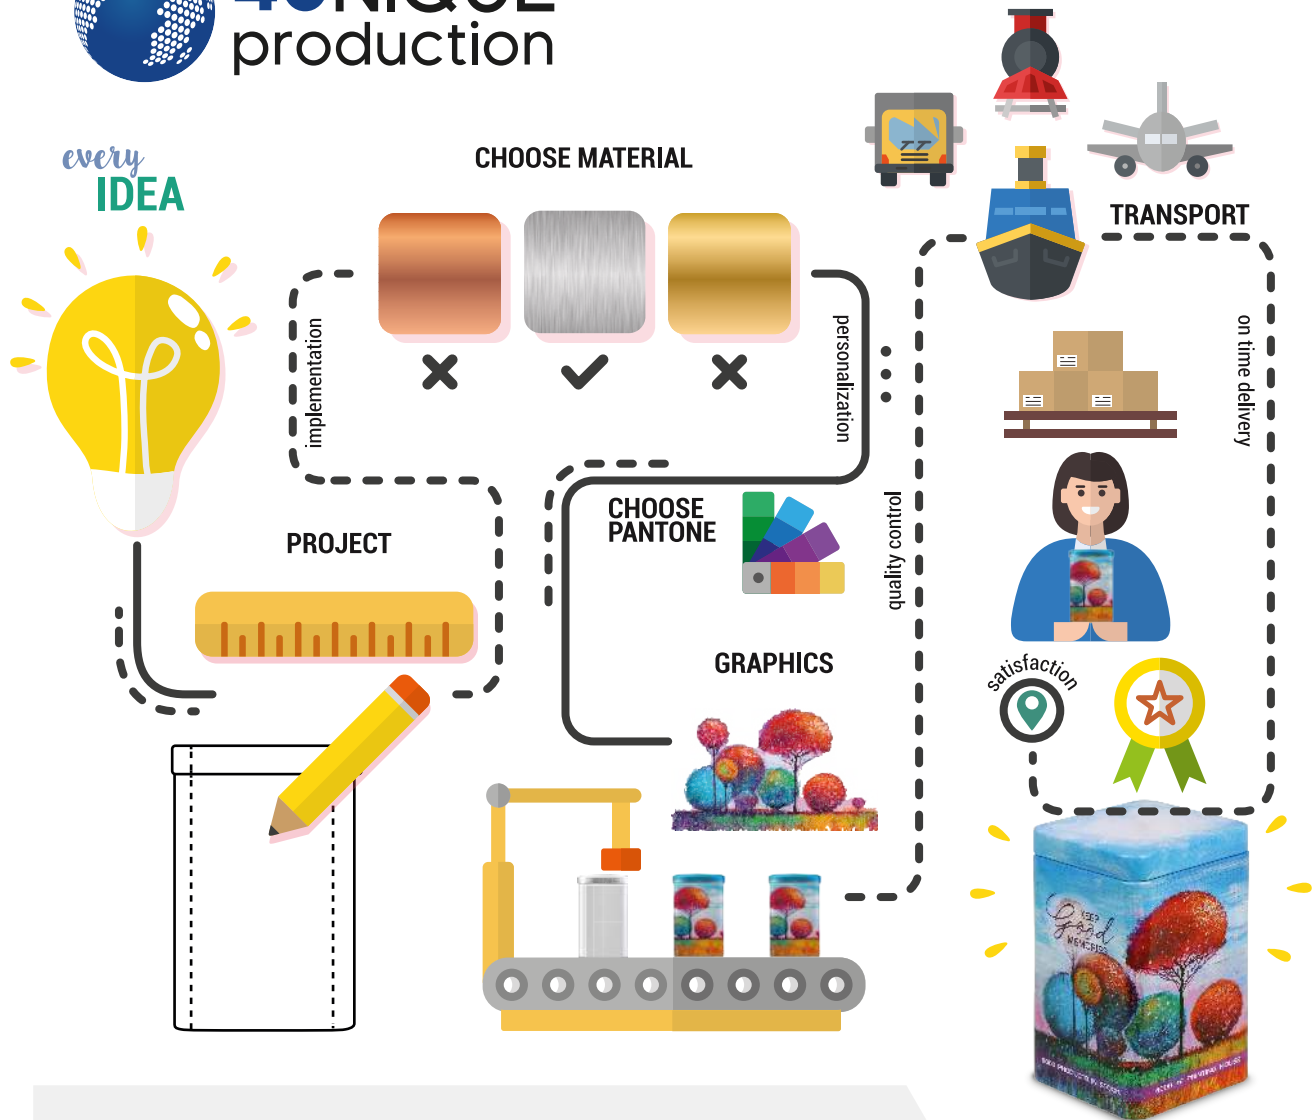

Timeless gifts!

Timeless EXCLUSIVE collection for people who value elegance and classic. Perfect design that never goes out of fashion and in combination with high quality will emphasize your business style.

DTF

Direct To Film

DTF (Direct to Film), is a technology of thermal transfer prints in FULL COLOUR, characterized by high quality and durability of the print.

The full range of colours and gradations are used for DTF transfer. Thanks to DTF we have possibility to imprint graphics of any shape, in high quality and in vivid colours.

The technology is perfect for personalization of:

- textiles,
- flat surfaces,
- other materials dedicated to ordinary transfer.

WHAT MAKES DTF SO SPECIAL?

	HEAT TRANSFER	DTF - Direct to Film
Range of colours	Pantone	CMYK+W
Number of logotype colours	≤5	full colour
Tonal transitions	✗	✓
Logotype shape	Any type	Any type
Application on various surfaces	✓	✓

UV360

print on DRINKWARE

The newest technology UV360 is used to personalize around cylindrical and conical shaped advertising products such as bottles and cups. This technique is most often used for printing on gadgets made of plastic, metal or glass, and its big advantage is its very high printing resolution.

Gift ball, container for gifts. Great as a Christmas tree ball, as container for cosmetics, sweets, fruits, compliant with regulations for products intended for contact with food, BPA Free. The unique surface design, with a geometric motif, creates interesting light reflections, and the flat base allows the product to stand by itself on a support. The hole in the upper part allows the attachment of a hanger, a decorative string or label (not included). There is the possibility to attach a decorative red ribbon (ribbon with hanger V0011-05 sold separately). Registered design®

PRINTING TECHNIQUES

NEW!

🌐 D | Doming NFC

It is a combination of a durable and effective printing technique with modern NFC (Near Field Communication) technology. Inscription with deep and vivid colours gives advertising gadgets an individual character, and thanks to the NFC chip it is possible to save data such as: website address, business card, video link or link to online promotional materials.

NEW!

🌐 DTF | Direct to Film

Durable technique of thermal transfer prints in FULL COLOUR, characterized by its high quality. The full range of colours and gradations are used for DTF transfer. Possible to imprint graphics of any shape, in high quality and in vivid colours. The technology is perfect for personalization of textiles, flat surfaces and other materials dedicated to ordinary transfer.

NEW!

🌐 UV360 | UV360 Print

Technique used to apply personalised print around cylindrical and conical shaped products, such as bottles and cups. This technique is most often used for printing on gadgets made of plastic, metal or glass, and its big advantage is its very high printing resolution.

T | Tampo print

Technique used mainly for small objects made of different materials. Even small logos printed with this technique are sharp and clear with distinct edges. It is also suitable for non-flat surfaces.

TC | Hot stamping

Effective technique applied mainly on leather products, PU and carton. It uses a special mold to make a permanent stamp on the material. The final effect can be additionally refined by foil embossing.

S | Screen print

Imprint method perfectly suited for single or multicolour printing used on large and flat area. This method is used mainly with textiles as well as items made of plastic, metal, glass and wood.

SL | Sublimation

Durable technique used on white products, polyester textiles and materials such as ceramics with a special polyester coating. The logo is printed with sublimation inks onto a special surface from where the imprint is transferred to the product using the right temperature.

L | Laser engraving

Durable and very precise decorating method. Perfect for marking metal, wood, cork, leather, PU and some plastics. The colour of logo or inscription depends on the material of the engraved product.

D | Doming

Effective decorating technique. The layer of transparent resin is applied on the digital quality printout, which results in deeper and more vivid colours. Resin also protects the imprint against mechanical damages, moisture and UV light, increasing the product's durability.

TF | Heat transfer

Very durable imprint technique applied mainly on textiles but also on cardboard and PU. The print is made on a special foil or paper and is transferred by a press onto the product surface. It can be made in full colour.

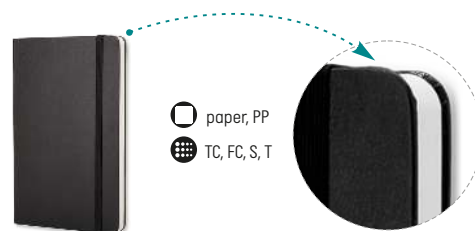

FC | UV digital print

Technique which enables printing in full colour on flat surfaces, in high resolution, with UV paints (CMYK + white), ensuring intense colours, perfect coverage and adhesion to the substrate.

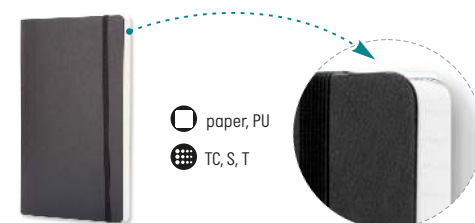

HARD COVER

MOLESKINE is a legendary brand with a strong global presence. Brought back to life in 1997, now is one of the most recognizable and appreciated in the world. The brand values are founded on five pillars: culture, imagination, memory, personal identity and travel. MOLESKINE brand's history combined with timeless design and personalization, creates unique gifts for every occasion.
