

## INTRODUCTION

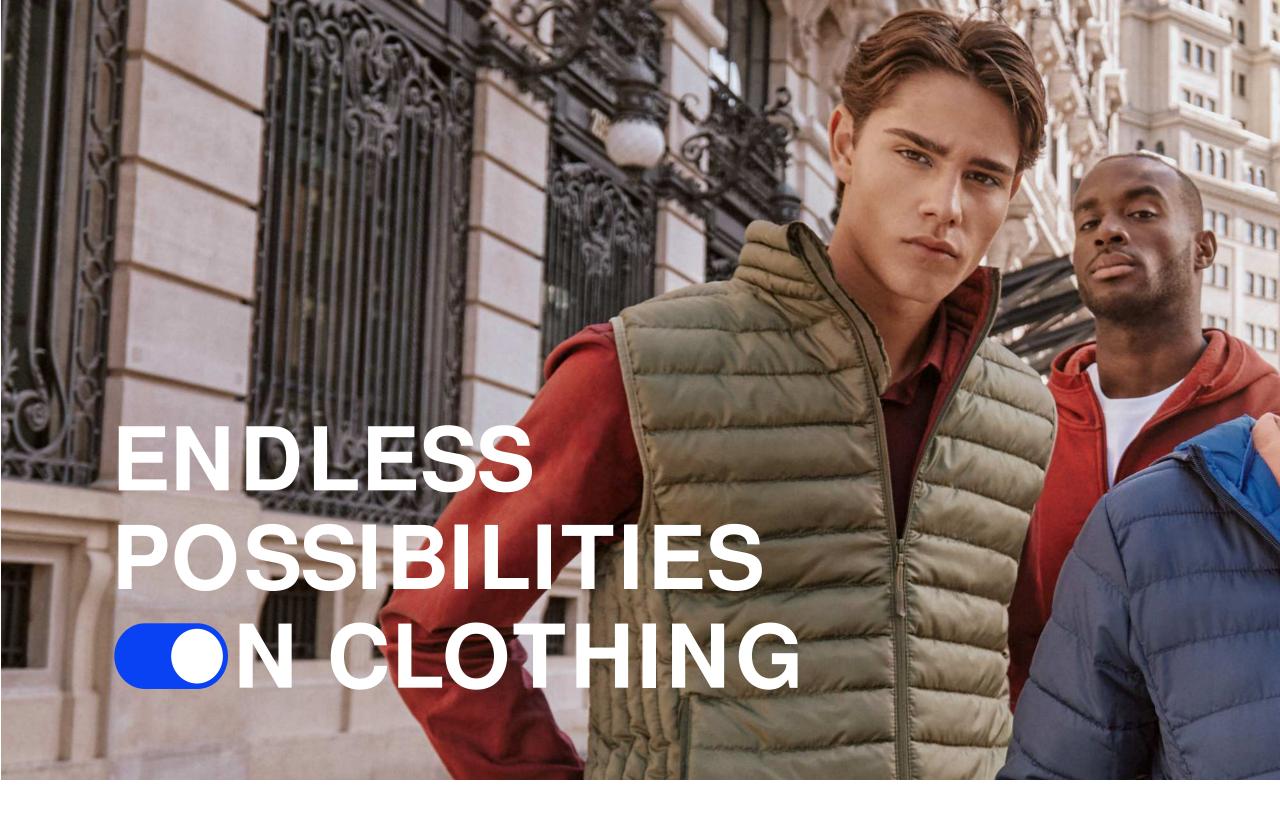

Welcome to our 2024 Inspiration Guide, as your trusted partner in the product media industry, we offer products that last and people love to use. Enduring products that people will appreciate. Inside this guide, you will discover more sustainable products, timeless bestsellers, quality brands, and our 'Create Your Own' service for custom solutions. Carefully selected for your customers' unique style

to make their company logo and values stand out in the best way possible. Excitingly, we introduce Roly, our newest brand. Together with our brand Elevate, this will be a dynamic partnership offering the broadest range of promotional clothing in Europe – from Roly's entry-level t-shirts to Elevate's luxurious recycled jackets, and everything in between.

Join us on this journey towards a more sustainable product media industry, while we assist you in elevating your brand and leaving a lasting impression. Our commitment goes beyond sustainability; we empower you and your customers to make conscious choices with transparency, data-driven insights, and third-party validation.

Dive into our 2024 inspiration guide and discover the perfect solutions for your brand, combining sustainability with style.

### Roly and Elevate joined forces!

We are excited to introduce you to the dynamic partnership between Roly and Elevate. In this ambitious partnership, Roly will provide deep inventory for a wide selection of t-shirts, polos, hoodies, bodywarmers and jackets.

Roly's unmatched sourcing capabilities and purchasing power will ensure that this collection is positioned with the best prices in the market. A printing turnaround from 1 day after order confirmation will be organised for these products, providing the fastest fulfillment in the market. Together with the long-established Elevate collection, this creates the largest range of promotional clothing. From entry price level Roly t-shirts to high-end Elevate NXT recycled jackets, available printed throughout Europe. Read more about the brand Roly and the products and services we have to offer in this digital catalogue.

## UNDYED & AWARETM

#### **AWARE™ - DARINGLY SIMPLE TRACEABILITY**

How can we build trust in sustainability claims? By ensuring trusted traceability for every step of the supply chain with Aware™ technology.

Starting from the very origin of an item's fabric, this innovative solution brings unprecedented transparency to the supply chain. By embedding a physical tracer into sustainable raw materials. This tracer can be authenticated with the Aware™ hand scanner from every tier of the supply chain anywhere, anytime. The blockchain platform securely records production information, creating a digital replica of the material's journey, ensuring accurate data for recycling processes. Digital tokens, the Aware™ Crypto TCs™, validate every step, upholding the integrity of the supply chain information. The user-friendly Virtual ID acts as a digital product passport for consumers and simplifies making informed choices.

#### **UNDYED**

These products are made from 'Undyed' fabric. No dyes, water or chemicals are needed in this innovative process, which means it has less negative impact on our planet. Starting with textile waste from manufacturers and traders, the colour of the waste dictates the final hue. After manual sorting and quality checks, the waste is recycled into cotton fiber without chemicals. Blended with other recycled fibers, like polyester, viscose, acrylic, EcoVera™, or Tencel™, the resulting yarn is strong and high-quality. Through careful processing, the material is formed and spun into the final, more sustainable coloured yarn.

Certified by Control Union CU 1019665

# GRS certified materials.

Tracing recycled inputs from source to store.

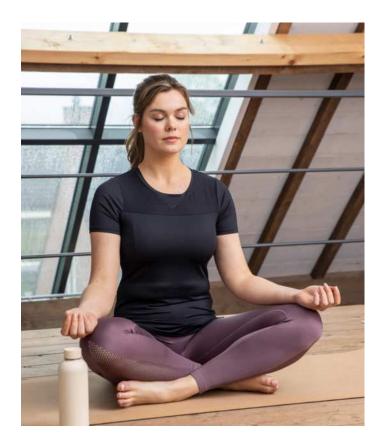

# OUR GRS CERTIFIED COLLECTION

GRS certified products are made from verified recycled materials, with a traceable supply chain from the original source. To be GRS certified, a product must contain at least 50% recycled materials. Together with our printing facility in Poland, we have obtained the Global Recycled Standard certification for a multitude of our printed products, including clothing and bags.

#### Together for a sustainable future

Add value to your business and customers by consciously choosing recycled products, you take responsibility and inspire others to do the same. With each product, you communicate what your brand is all about.

#### **Green Points**

With every product in this catalogue, we mention a value in Green Points. These points can be used to navigate the collection and identify the more sustainable options. We have identified 8 different elements that give a transparent overview of the impact of a product. Elements scored are for instance the material, the country of origin or the recyclability of a product. Every product has a Green Passport on our PF Store explaining in detail how we score the products. This makes it easy to compare products and make a choice based on your own sustainability strategy.

#### CO<sub>2</sub>

To measure the environmental impact of our products we have calculated the CO2 footprint using an ISO 14067 certified carbon tracking tool. This tool aims to assess the environmental impact of a product through its life cycle, going from extraction, transformation, production, packing, shipping, and use of product to the end of life.

#### **Recycled classics**

In our pursuit of environmental responsibility, we launched new and recycled versions of our bestselling articles. We are striving to replace existing products with more sustainable alternatives.

# Americano®, the perfect replacement for disposable cups.

Single-Use Plastic (SUP) items often find their way into our oceans. The European Union is taking a lead in the global fight against marine litter and plastic pollution. In this context, the Americano® takes a big role in replacing disposable cups with reusable ones. The Americano® Collection offers a mix and match approach for every campaign, colour scheme and budget. All crafted in Europe and fully customisable to promote your brand, while staying true to your sustainable values.

- Made in Europe
- Recycled and more sustainable choices
- Mix and match colours to create your ideal mug
- Available sizes: 250 ml, 300 ml, 350 ml
- Diverse lid options to suit your preferences
- Microwave and dishwasher safe

Helping you to replace your disposable cup.

Aspromised
