600 ML VACUUM BOTTLE WITH COPPER INSULATION

double wall stainless steel vacuum construction with copper insulation, which allows your beverage to stay cold for 48 hours and at least 12 hours for hot beverages. The construction also prevents condensation on the outside of the bottle. On-trend, durable powder coating. Stainless steel screw-on spill resistant lid with durable stainless steel hand loop. Wide opening for comfortable filling and pouring. Single packing in paper gift box.

24/12 Ø 7,2x24,2 cm.
