# LET'S GO FOR THE CUSTOM BRANDING WOWS!

In a world of mainstream or dull promotional & marketing materials, be a WOW branding promotor. Choose and offer WOW gifts to your partners, customers or employees to make your brand memorable. Stand out with truly amazing products, customized especially for your brand!

We prepared for you an **awesome collection of WOW custom gifts & proposals** for your branded and promotional materials.

## AMAZING & INNOVATIVE SOLUTIONS TO PROMOTE YOUR BRAND THROUGH GIFTS:

- **SMART promotional products** based on Data-on-things or NFC tags.
- **3D LENTICULAR promotional products** or packaging solutions for your products (cans, lids, blisters, labels).
- **NON-ADEZIVE posters for removable/ temporary advertising** of your brand.

## TRUE WOW ENVIRONMENTALLY FRIENDLY PRODUCTS

to make a sustainable marketing campaign using stone paper notebooks, bags made of leaves or washable paper, real green gifts made of seed paper or even a-tree-in-a-pen.

## CUSTOM PROMOTIONALS FOR PHARMA & MEDICAL UNITS

branded covers & towels, bed mats for advertising, custom stethoscopes, medical measuring tools, 3D anatomy charts and calendars, pill boxes or customized plasters, medical survival & aid kits.

## WOW CUSTOM ITEMS for EVENTS or FESTIVALS

anything you might need in your company events, launches or festivals: huge personalized balloons, tokens, tickets, coupons, lanyards, badges, glowing sticks, wristbands, vouchers, earplugs, trophies & glass miniature artworks for contest participants.

## AWESOME WOWs FOR HORECA,

partial or fully customizable, for your real differentiation on the market: stylish waiters aprons, chef's jackets, badges, bar wow accessories, a-boards chalkboards, wow shaped glasses, ceramics, bottles, custom toasters or sandwich makers, even custom branded cosmetic products and lines.

## WOW OFFICE & GADGETS STYLE

to make a real statement to your partners, through totally customized notebooks, organizers, wireless notebooks or phone holders, inkless pens, Bluetooth item finders, smart hydration reminders.

## NATURE ESCAPE KITS & WOW TOOLS

to join your customers into their wildest and more relaxed moments. Give them WOW reminders of your brand, from survival bracelets or watches to venom extractor kits, from multifunction tool cards or compasses to camouflages tactical backpacks. Or, if relaxation needed, from double or custom deckchairs to advertising benches or hammocks, lazy bags or beach umbrellas.

## ANYTHING YOU CAN WEAR OR GIVE IN A MARKETING CAMPAIGN OR TOMBOLA,

fully customized backpacks, snickers, eyeglasses, towels, bags, HD printed blankets, carpets, sunbeds, amazingly shaped umbrellas, sport balls, Christmas balls, customized loyalty cards, vouchers, holograms.

ANYTHING!

# A TOUCH OF NATURE

## WASHABLE PAPER

WASHABLE kraft paper is a cellulose impregnated latex that can be washed and reused. Looks and feels like skin. In its production, no ingredients of animal origin are used, and latex, used in the production process is synthetic. It is perfect for washing - it does not deform, discolor or dissolve in water. It should be treated gently and hand washed, so that it serves as long as possible. It found application in fashion and decorating. It works perfectly in combination with other materials - flax, felt and leather. It can be printed, laminated, covered with foil and engraved, burned with a burner and stamped. Washable paper is durable and flexible, and thanks to a bit of latex contained in it, it was durable enough to be used for sewing even very heavy things.

We can make custom designs for packaging boxes, bags and decorations as well as covers for books, notebooks and calendars, bags, case for laptops and phones, vanity cases, smaller cases for documents, pencil cases, beauty bags, urban or traveling bags, lampshades and even jewelry.

## ECO FRIENDLY

Our washable paper products are made using a virgin fiber from cultivation and not through deforestation.

These super washable paper are incredibly. Sustainability extends to sustainable use, creating new ways to use the simple paper bag.

### ADVANTAGES

100% eco friendly

100% recyclable

100% washable

Very durable

WAIST BAG

**DID YOU KNOW** that production of washable paper is similar to the leather tanning techniques? Therefore, cellulose fibers gets extraordinary durability, are suitable for washing and sewing. Washable paper is also called a vegan leather.

## LEAF BAGS

The leaves used in leaf bags are perennial plants growing in Southeast Asia. Its uniqueness lies in the leaf part, which can be used for many purposes. Because of its waterproof, toughness and corrosion resistance to the natural environment, in the past people used young leaves for food, mature dry leaves for roofs and can be used for many years. Now, through technological innovation and new technology, combined with contemporary handicraft technology and fashion design, it has been processed into a variety of luggage, stationery, clothing and accessories products.

### LEAF BAGS CATEGORIES

Luggage, stationery, decoration, personal portable products.

## BACKPACKS

## LEAF PENCIL CASE

## PRODUCT CHARACTERISTICS

The appearance of leaves is not only unique, but also handmade. These products have a very unique style: "with natural language", "one leaf, one world", "there are no two identical leaves in the world", are the most typical unique language describing leaves. Every product made from leaves has very clear and natural veins, which can be attached to environmentally friendly dyes and restored vividly into the form of spring, summer, autumn and winter.

It can touch the texture of the leaves vividly. Leaf products are not only environmentally friendly, durable, waterproof, resilient and self-exhibiting, but also continuously develop and improve the functionality and aesthetics of leaf products, so that leaf materials can be displayed in different fields to meet users demand.

## LEAF HANDBAG

## LEAF BRIEF CASE

## PROCESSING TECHNOLOGY

Workers will collect and arrange the fallen leaves in the fastest time, hold them with supporting layer, then soak them in water and air them in natural environment for a certain time. After pressure, they will physically entangle the leaves and pallets, attach transparent environmental protection film and ultra-thin fabrics on the top and bottom of the leaves, enhance their strength and toughness, and meet the various characteristics of the products required in processing.

## TYVEK MATERIAL

Tyvek material is strong and durable. It is more tear resistant than paper, and more versatile than woven materials. Tyvek is made of flash spun high-density polyethylene (>99%) fibers, lending itself to a wide variety of uses. It combines the property of paper, film and fabrics. Tyvek is strong, lightweight, soft and smooth, does not fray fibers and particles, antistatic, opaque, water resistance, chemical resistance, scratch resistance, chemically stable, and recyclable.

**DID YOU KNOW** that tyvek was invented 50 years ago?  
In 1982 it was used to print banknotes for the Bank of Haiti. It combines the advantages of foil, paper and fabric.

# A TOUCH OF NATURE

## SEED PAPER

Little things can grow to great meanings.  
Two layers of biodegradable paper with seeds in between, standard flowermix or seeds of your choice.

There are a lot of product possibilities for this biodegradable paper with seeds inside. The seedpaper is already made in different shapes, with different prints, with different seeds and with a lot of colors. But now we can offer you the seedpaper envelopes, for the people who want to send a letter without waste. After using the envelope, people will just put the envelope in the ground and the flowers will grow. A great way to show your customers your sustainable awareness.

## AVAILABLE DIMENSIONS

Seedpaper A3, A4, A5, A6.

Different shapes possible.

## SEED ENVELOPE

### BIODEGRADABLE PAPER ENVELOPES

A unique envelope made of biodegradable paper with seeds in the paper (standard flower mix - other seeds on request). After using the envelope, it is placed on the ground and flowers will grow. The envelope contains an adhesive strip to close the envelope.

Envelopes available in different colors and sizes.

### BIO DEGRADABLE PRODUCTS

The seedpaper and seed ribbons are 100% biodegradable.

## AVAILABLE DIMENSIONS

Envelope C6 / A6, C5 / 6 or DL, EA5.

Different colors possible.

## SEEDSTICKS

With seeds of your choice.

## SEEDSTICKS BUSINESS CARD

With seeds of your choice.

## HOW TO USE THE SEEDSTICKS?

How to use the seedsticks?

1. Prepare a suitable container with compost.
2. Firm down and water generously with a fine spray.
3. Leave to soak for thirty minutes.
4. Break off sticks carefully.
5. Push each stick point down into the compost to the depth line indicated.

Seed types: Sunflower, Red poppy, Forget-me-not, Four leaf clover.  
Pot size: Ø 4.5 x H 4 cm

# A TOUCH OF NATURE

## A-TREE-IN-A-PEN

Our eco-friendly "A-tree-in-a-pen" is more than a pen. Thanks to the special design, it has been created a special storage on top of the pen. Every pen contains 3 seeds of the Larch Tree. Every pen comes with its own sleeve packaging. On this packaging is written exactly how to provide the necessary planting conditions in order to plant and grow your own tree.

For the production of this 100% ecological product it is used a biodegradable biological plastic, recycled kraft paper and non toxic paints.

step 1

step 2

step 3

step 4

step 5

### HOW DOES IT WORK?

This pen contains seeds of the Larch Tree.  
Grow your own tree and give your children a future!

Before you plant your seed you need to keep it in water for 24 hours.  
This step is necessary in order to moisture the seeds.  
You need a pot with small holes at the bottom, that needs to be filled with soil.  
Please press the seed with your finger smoothly in the soil and put an extra 4 mm of soil on top of it.

You need to water your seeds to keep them moisturized.  
Please water the seeds everytime when the soil loses its moisture.  
Keep your pot near a window or on your balcony.  
Sunlight is very important for plants.

When your tree reaches a length of 10-15 cm, you can replace it to a larger pot.  
After about 1 year you can plant your tree into your garden or the forest.

PLEASE KEEP THE SEEDS AWAY FROM CHILDREN

## ROTATING GLOBES. POWERED BY LIGHT

You've never seen a globe like this. Our unique spinning globes combine power from ambient light and torque from the earth's magnetic field to create smoothing rotations. No batteries required and no sloppy cords to distract from your enjoyment. Elevate your decor or gift the unexpected.

Each globe is expertly handcrafted, so you can rest assured that you're receiving only the highest quality. Every piece is carefully put in place. Every product is tested for visual appeal and function. Choose from a wide assortment of self-spinning globes - from traditional world maps in an array of colors and styles to outer space globes.

Operates freely from the base.

Hidden magnets provide movement.

Turns using ambient light

Two shells.  
Low friction.

Using earth's magnetic field.

With solar cells.

Making batteries and cords obsolete.

Each globe has a transparent outer shell made from carefully selected, high-quality acrylic. This external layer remains stationary while an internal one spins using advanced magnets for torque and solar cells to power the movement.

## SIZE

From the miniature 10 cm, standard 11.5 cm, 12.7 cm cube, detailed 15.2 cm, and the larger 21.6 cm globes which serve as a main focal point in any room.

Every rotating globe has two high-quality acrylic layers separated by a virtually invisible fluid, giving the illusion that both parts are a single rotating globe.

# WOW OFFICE STYLE

## ETHERGRAF® PEN TIP

### A NEW, REVOLUTIONARY IDEA OF CREATIVE WRITING

ETHERGRAF® is an innovative metal alloy which leaves a light and romantic mark like graphite, but timeless like ink.

When we write with a standard pen or pencil we are releasing materials such as ink or graphite. When we write with Ethergraf® instead, we are not releasing any material. Why? Because our way of writing is a chemical reaction called oxydation. We are not writing releasing metal and this means that the percentage of usage of the metal tip is so minimum that it is **almost impossible to finish it in a lifetime!**

*The ETHERGRAF® tip takes inspiration from the special technique of the silver tip, used by Leonardo da Vinci.*

### EXCLUSIVE LEONARDO500TH COLLECTION

The 500th anniversary of Leonardo was the creative inspiration for the realization of an entire exclusive collection dedicated to the Tuscan genius and artist.

The ETHERGRAF® tip microscopically "scratches" paper, oxidizing it and thus leaving a light but precise mark. Thanks to its porosity, common paper - that is to say paper in non-treated cellulose - perfectly reacts to the passage of the metal tip.

ETHERGRAF® is something that did not exist before, innovation at the service of imagination, it is matter that doesn't fear time, zero stains, zero lead, 100% creativity.

## SPACE MOON LANDING SPECIAL EDITION

A special edition to celebrate the 50th anniversary of the moon landing. The desk base made of Lightstone, a special composite material, faithfully reproduces the LEM module landing area, thanks to the 3D resources made available by NASA, while the stem, covered with a special white ceramic film, reflects the surface of the Apollo 11 carrier rocket.

## SPACE PEN

SPACE is a writing tool designed for the space. Entirely made of magnesium, an ultralight material with high mechanical performance, SPACE has been donated to the crew of the International Space Station (ISS) during the last V.I.T.A. mission, could use it in a microgravity condition, where the normal pens could not work.

The Ethergraf® metal alloy tip of the SPACE, writes by oxidation without graphite or ink, perfectly lending itself to the environmental characteristics of the space stations, where the micro-debris produced by the normal pencils's leads are very dangerous for the filtering system.

*Exploring horizons.*

## SMART PROMOTIONAL PRODUCTS

### DATA ON THINGS

Amazing! It shows information when you scan any promotional product. Provides chip-less IOT service that shows various contents when scanning objects with smartphone camera. You can choose objects or sound you want and contents you want to put on.

You can offer now smart clothing (baby clothing, t-shirt, jeans), smart paper (diary, notepad, card, postcard, puzzle, scheduler), smart labels (tag, sticker, leaflet), smart packages.

### BENEFITS

Precise product promotion for each section, interactive fun factors in stores, a sales growth by extending stay-time periods at stores with AR (Augmented Reality) contents. Customer approach to purchase promotion at each section,

### HOW IT WORKS

DoT (Data on Things) is a technology / service delivering a variety of contents by inserting data on different objects through coding technique (Image Coding, Sound Coding, Digital Coding).

Contact us for more details.

Scan the QR CODE,  
download and install  
a free app.

## NFC TAGS ON PRODUCTS FOR CONTENT ACCESS

Contactless technology that can transmit information between tag-equipped tools and can be embedded in everyday items, like clothing or any wearable devices. 1,1 billion devices with NFC technology will be activated in 2022. 350 million people are using a wearable devices every day and they are growing with a 5% annual rate.

With this technology and a special app you have countless ways to customize your cap or other promotional items:

- upload and update exclusive multimedia contents on the NFC tag and share what's new in your business;
- transform your promotional items into a game thanks to NFC, adding extra value to the item. Games can include challenges that unlock prizes such as discounts, access to exclusive events and more;
- empower your products in order to tell their unique story with NFC and educate customers on what makes a product special and why they should buy it.

Contact us for more details.

## HOW IT WORKS

Tap the top of your phone to where the NFC tag is located.

Get access to the contents and have fun!

Do not use laser products towards eyes for long time, it will hurt you.

## CUSTOMS BALLOONS

Balloons with print, advertising balloons, balloons with logos are a common marketing tool used by big international brands as well as local companies. No wonder, because balloons are an extremely effective element of advertising campaigns. Regardless of the slogan, logo or graphics posted on them, they always evoke positive emotions. Regardless of the age of the recipient. We can therefore safely say that balloons with a logo are a kind of self-serving advertisement.

### BIG BALLOONS

Big balloons, up to 90 cm diameter, can make a real statement for any brand at events, product launches, parties.

Ø 60 CM, 114L

Ø 90 CM, 380L

## LED LANYARDS

Organising a big or small event and looking for something eyecatching? Our LED lanyards will bring stunning light effects, enhancing the atmosphere at your event. Ideal for parties, concerts, festivals but also sports games and any events held at night.

The lanyard contains one strong LED light that spreads the light across the whole lanyard. The LED lanyard works with an interchangeable battery which can be found in the plastic box on the bottom of the lanyard. On that box, you can also find the on/off switch to preserve battery life. The lanyard has three light modes: a slow pulse, a fast pulse or a constant light. You can also choose a lanyard that constantly changes its colour.

As always, the lanyards can be debossed with your own design. Lastly, you can also choose to personalise the box with a sticker for promoting brand awareness or your company logo.

## WRISTBANDS

Wristbands, together with other product lines are trusted tools at events, bars, nightclubs, outside leisure facilities, sporting occasions, company parties, and offer high impact marketing opportunities for sponsors.

### LED WRISTBANDS

Light up your party with LED wristbands. These luminous wristbands create a dynamic atmosphere during your event which will definitely impress your audience! These wristbands are ideal for parties, bars and concerts, but also for nightly walks, bike rides or jogging sessions. Personalise the LED wristbands with your own design. You either choose for an engraved design or a printed one in white ink.

This kind of wristbands pulses by means of ambient sound such as music, voices, clapping. The wristbands feels the vibrations of the beat and create a true wow-factor! The second kind of LED wristbands have three settings. Slow pulse, fast pulse or constant light. They work on replaceable batteries (CR1220) which can work non-stop for 5 hours on average. Size: 1 x 21.5 cm (also available with a length of 20 cm or 23 cm upon request)

AVAILABLE COLORS:

### TYVEK WRISTBANDS

Tyvek is a synthetic, waterproof material – extremely durable, tear resistant and tamper evident. To minimise transference, not only is the closure designed to shred, the Tyvek Wristband also 'concertinas' if stretching is attempted. Where safety is of paramount importance, our Tyvek Wristbands offer an inexpensive, easy to use security system.

Size 1: 255 x 19 mm. Print area: 200 x 16 mm  
Size 2: 255 x 25 mm. Print area: 200 x 20 mm

## LED WRISTBANDS WITH REMOTELY CHANGING COLORS

Silicone LED Wristbands have the ability to remotely start and change colors by the remote control - a radio controller (small / large version, available for rent). This solution permits you to carry out your event, according to different scenarios, using different colors of luminaire banding. It is an ideal solution both for large mass events as well as company meetings.

Each holder of the wristband can change its color unless the color is not changed on the remote control. Work and standby time up to 8 hours. The possibility of making any printing, e.g. a logo.

**BAND COLORS:**       **LUMINOUS COLORS:**

## SILICON WRISTBANDS

The Silicone Wristbands are soft and flexible making them versatile and comfortable to wear. They are an ideal marketing tool for public awareness campaigns, fundraising events, suitable for outdoor activities or even as a souvenir for a birthday or marriage... the possibilities are endless!

## WAIST APRON JEANS

Hip waist apron in denim style with accessories made of 100% genuine leather with bronzed studs and contrasting top stitching round out. Washable up to 95°C, thanks to removable leather parts. Including belt (120 cm length) made of 100% cowhide leather, four belt loops provide tight fit for the leather belt. Practical leather strap on the right side to attach a waiter's holster or dishcloth. Patch pocket (21,5 x 20 cm) on the left side with riveted corners and integrated pen holder. Twill weave, 195 g/m². 65% Polyester / 35% Cotton. Size: 70 x 45 cm (width x length)

OPTIONAL  
LEATHER WAITER'S  
HOLSTER

## BIB APRON JEANS

Casually cool bib apron in jeans look with accessories made of 100 % genuine leather, with bronzed studs and contrasting top stitching round out the vintage look. Washable up to 95 C, thanks to removable leather parts, easily adjustable leather bib strap with pre-punched holes and abrasion strip in neck area. Durable apron strap with seam backtacking guarantees a firm hold in the hip area. Practical leather strap on the right side to attach a waiter's holster or dishcloth. Pocket on left side (19 x 19 cm) with riveted corners for an extra strong support, sewn-on pen compartment with rivets on the chest. Suitable for industrial laundry. Twill weave, 195 g/m². 65% Polyester / 35% Cotton. Size: 71 x 80 cm (width x length).

## BIB APRON URBAN CASUAL-STYLE

Modern, casual bib apron in twill look with straps made of apron fabric, bib strap with buckle for continuously variable length adjustment. Bronzed rivets and contrasting top stitching ensure an unmistakable urban style. Practical fabric loop on the right side for fastening a waiter's holster or kitchen towel. Left side pocket (19 x 21 cm). Washable up to 60 C. Twill weave 273 g/m<sup>2</sup>, 100% cotton. Size: 68 x 80 cm (width x length).

## LEATHER BIB APRON CRAFTSMAN

Stylish bib apron made of pleasantly light and supple cowhide leather. 100 % handmade natural product with unmistakable character. Coloured contrasting leather applications and bronzed metal rivets round off the rough leather look with easily adjustable leather neck strap with 5 pre-punched holes. Abrasion protection in the neck area thanks to velvet fabric coating. Adjustable apron strap in the hip area with 10 pre-punched holes guarantees a firm fit. Cognac leather strap on the right front for attaching a waiter's holster or kitchen towel. Practical metal ring on the left front for attaching a cash key chain, a dishcloth or other utensils. 100% cowhide leather. Size: 68 x 80 cm (width x length).

## BIB APRON 2 IN 1 (REVERSE) URBAN X-STYLE

Innovatively stylish bib apron usable on reverse side thanks to removable straps with different colour on each apron side (2in1). Functional cross straps to relieve the neck. Easy removal and fastening of all straps using carabiner clasps. Length adjustable with buckles. Optimal fit due to waistband for removal and adjustment of the width. Stylish imitation leather straps. Practical pockets on both apron sides. Washable up to 60 C. Twill weave 273 g/m<sup>2</sup>, 100% cotton. Size: 68 x 80 cm (width x length).

## HOLOGRAMS

A hologram as an optical safety symbol is currently the most effective weapon in the fight against counterfeiters. Produced in accordance with standards, it enables to easily distinguish fakes from the original product. To further secure our clients' products, we offer claims of the holograms produced by us in the international holograms registry (IHR).

### STANDARD HOLOGRAMS

Standard holograms are intended for customers who value a quick delivery time and no preparation costs (exposure of a hologram), thanks to which we obtain solutions at an affordable price. We can produce up to 100 pieces of standard holograms, whose security value remains at a similar level as in the case of individual holograms.

### EXPRESS

Express holograms with a permanently etched laser serial number are a perfect solution for customers looking for an express delivery time while maintaining a reasonable price.

### INDIVIDUAL HOLOGRAMS

Individual holograms are recommended for circulation of over 100,000. We expose them from scratch according to the detailed guidelines of our recipient. The security level is set based on the individual requirements and purpose of the hologram. Always offered as self destructible when attempted to manipulate.

### HOT STAMPING HOLOGRAMS

Holograms for hot application work best as security for prints and securities, payment and loyalty cards, as well as product packaging and pharmaceuticals in several hundred thousand runs. We guarantee perfect product protection with a minimal increase in the cost of packaging production.

## SPECIALIZED HOLOGRAMS

Thinking about unusual expectations regarding the protection of your products, we offer a number of additional holographic safeguards that guarantee the security of originality in almost every sector of activity.

### SCRATCHCARD HOLOGRAMS

Printed on a self-adhesive label, destructible when attempted to peel unauthorizedly. The shape and size of the sticker are free. As a security hologram, we enable (depending on the edition) to make an individual pattern or personalize one of our commercial designs using any technique.

### TRANSPARENT HOLOGRAMS

Holograms made on transparent film to secure identifiers and all documents where background visibility is necessary.

### HEAT-SHRINK HOLOGRAM

Shrink holograms to protect packaging closures in the food, cosmetics and pharmaceutical industries.

### COINS WITH HOLOGRAM

An innovative solution that allows you to create a coin with a holographic background with the features of a real coin, containing real relief and metal alloy.

## PERSONALIZATION OPTIONS

Printing technology:

- decal transfer printing
- termo transfer

Additional Prints:

- inside printing
- back stamps
- lining / banding / gilding

Ceramic decal prints are very durable and resistant to dishwashers and microwaves (except for decorations containing gold or platinum).

On the other hand, low temperature decals are made from organic paints, thanks to which we are able to get very vivid colors.

## EASY CLING NEW GENERATION IN NON-ADHESIVE PRINTINGS

Outstanding indoor advertising medium. Innovative material to print on, possible to cling on almost any surface – glass, concrete, wood, car body, furniture board, plastics, Plexiglass, polycarbonate, wallpaper, bricks, ceramics and many more! What is important, all of it without adhesive and damaging the surface. It can also be writable with a whiteboard marker.

Electrostatically charged PP film on cardboard backing for offset and offset UV printing. Easy to apply, repositions without detacking, does not leave adhesive residue. 100% recycable and does not release toxic gases if incinerated.

### WHETHER ON SHOP WINDOWS, BUILDING WALLS OR TOWN BILLBOARDS

EasyCling film adheres solely due to the static charge on almost every surface, without glue or tape. They can be taken off and reused. EasyCling is printed single sided but adheres to both front and back.

### EASYCLING DOES NOT USE ADHESIVE

So there is no sticky residue when it's removed. EasyCling adheres to glass, wood, metal, brick, plastic, drywall, or textured wall surfaces and many other. It's repositionable, gliding over surfaces, which makes placement and removal a snap!

### APPLICATIONS

Campaign advertising, magazine inserts, wild postings, temporary labels, POP advertising, direct marketing, interior design, POS posters.

Offers the biggest added value in **temporary indoor advertising**.

## WHY IS EASYCLING SO UNIQUE?

### NON-ADHESIVE

We prove it is time to put adhesive out to pasture! The future belongs to electrostatics.

### USES ELECTROSTATIC FORCE

We use "magical" properties of electrostatic charges in innovative way.

### EASY APPLICATION

EasyCling cares about safety and cleanliness of substrate. No more adhesive residue!

### UNIVERSAL APPLICATION

Put EasyCling against anything you want! Wall, board or maybe metal surfaces?

### DOES NOT LEAVE RESIDUE

# WOW HORECA, RETAIL & POSM

## GADGETS USING LENTICULAR TECHNIQUE, MAGIC STICKERS, MAGNETS

Application and use of visual 3D effects in packaging. Gadgets using lenticular: magnets, notepads, covers, XXL Posters (like the one advertising cinema movies), mousepads, wobblers, rulers, premium magnets (thicker version of standard magnet), calendars in credit card size, folded cups.

Visual Communication, Lenticular technology has a huge impact on the consumer, who can stay 4 times longer in front of a lenticular advertisement and observe the effects (often trying to guess how it works) and 5 times more often than in case of a 2D object.

They can also complement metal cans, blister or barrier packaging.

It is now possible to apply curved 3D labels on cone or cylinder shaped packages made of glass, cardboard, plastic, etc. Just like on a flat label, here we also can achieve the following effects: 3D depth, animation, morphing or flip.

APPLICATIONS	APPLICATION METHODS
cardboard boxes	adhesive
school articles	laminating or
blisters	shrink sleeves
toys	
pharmaceuticals	

In order to enhance the visual effect of a lid, instead of a transparent PP, it is also possible to use any desired color for the lid's frame (the borders forming the close).

## 3D EFFECTS

Dimensional depth (3D)

Sensation of movement (animation)

Morphing (a smooth transition of one shape to another)

Flip (alternatively showing two images)

PP flat label as part of vertical advertising racks for products adapted to the euro hole. The image can be placed only on the upper part of the package or constitute the whole background of the product.

## MARBLE & WOOD SERVING TRAY

Marble boards are made of natural marble, witch keeps food cool and has natural non-stick properties. The wood's natural beauty and light weight makes it great to use as a serving board, while being durable enough to use as a cutting board or trivet. The wood won't dull knives. Perfect way to serve cheeses and ads a rustic, yet sophysticated touch to any table.

Marble has always been popular with pastry chefs and chocolatiers due to its natural ability to remain cool (or hot), that helps prevent foods from sticking and also melting.

### ROUND

Size: 27.5 x 20 x 1.5 cm

### SQUARE

Size 1: 27.9 x 15.5 x 1.5 cm  
Size 2: 32 x 20 x 1.5 cm

# MEDICAL BRANDED WOWS

## FAR-INFRARED-RAYS FOOT PATCHES

### HOW DO SAP PATCHES WORK?

Creating health and wellness through our feet is an ancient science. Sap Patches work with a similar principle to the reflexology. The human body has over 360 acupuncture points, with 60 of these and 7000 nerve endings, located on the soles of the feet. When Sap Patches are applied to the soles of the feet, the patch ingredients work by producing natural far infrared rays (FIR) energy as well as absorbing body wastes.

Natural far infrared rays (FIR) are thought to have a better blood circulation effect on the human body, a better quality nights sleep and general wellbeing. The combination of ingredients in Sap Patches produces Far Infrared Rays. These rays resonate with the body's own energy to warm the body.

### HOW DO SAP PATCHES WORK WHEN ADMINISTERED TO THE BODY?

Far Infrared (FIR) has the capability to penetrate deep into the human body (more than 1.5 inches) to maintain good blood circulation, and skin cell revitalizing. Next time you are outside on a cool but sunny day, without wind, try and stand in the direct sunlight and even though the air is cool you will feel the warm rays that are beaming down on you.

### EFFICIENCY OF THE SAP PATCH

- Helps absorb body wastes
- Helps stimulate reflexology points
- Helps reduce minor irritation
- Helps support general health and wellness
- Helps improve quality of sleep

### PLEASE NOTE

This product is not intended to diagnose, treat, cure or prevent any disease. The patches are not to be applied to open wounds.

Apply the patches to the soles of the feet before going to bed and detach them in the morning. We strongly recommend you to apply sap patches during 4 to 8 hours a day.

### OPTIONS

Packaging type: 10 pcs / box. MQO: 520 boxes.  
Packaging type: 14 pcs / box. MQO: 430 boxes.

For customized packaging: MQO: 2000 boxes.

## DID YOU KNOW ... how are these sap made?

When trees are burned in charcoal kilns, some extracts came from the trees, evaporate along with the smoke. They are captured and refrigerated through a special production process. Sap or forest sap are the natural liquid materials extracted from trees, containing various beneficial components of nature.

These thermal images are taken of a person prior to applying the patch and the effects after 3 hours have elapsed:

## FOREST PATCH

Healthful natural ingredients such as Wood vinegar, Tourmaline, Chitosan, Pearl stones, Highly-purified silica, and Starch etc. are mixed and powdered together to be put into Forest Sap Patch, which has an effect of natural forest bath because it absorbs body wastes and sweat. It may help promote the circulation of the blood by generating natural FIR (Far Infrared Rays), which make you feel refreshed and light. Use it when you feel tired and your foot is heavy.

## BAMBOO PATCH

Bamboo Sap Patch may help promote the blood circulation of human body since Bamboo's root always absorbs water and nutrition in the ground. It is produced with healthful natural ingredients such as Bamboo vinegar, Tourmaline, Chitosan, and Starch etc. It may help promote metabolism by making your body warm, assist the body's recovery from fatigue, reduce a hangover, keep the balance of mind and body, and sustain Bamboo's original effect of antibiotic and detoxification actions.

## EUCALYPTUS PATCH

Eucalyptus patch has strong and cool scent of Eucalyptus that can help remove exhaustion and mental sluggishness and is also effective in treating stress and tension from the body. With high content of oxygen, it improves one's ability to concentrate. Eucalyptus Sap Patch may help reduce body wastes by absorbing unnecessary moisture and sweat in the body and make human feel renewed by natural FIR (Far Infrared Rays) emitted from the powdered mixture in the patch.

## ROSE PATCH

Rose oil, also referred to as the queen of diverse range of aroma therapy oils, is very effective on dried and aged skin. Its aromatic effect may help remove various foul odors. Rose Sap Patch always emits natural far infrared ray and has refined scent of Rose. It may lead you to an energetic and pleasant life. It also absorbs body wastes and sweat, which makes you feel lively and refreshed.

## LAVENDER PATCH

Lavender contains an ingredient referred to as ester, excellent in relieving fatigue and enhancing the quality of sleep by lowering blood pressure, and relaxing body and mind. It absorbs body wastes and sweat, which makes you feel lively and refreshed.

## WARM PATCH

You can feel that your soles are getting warm because of its excellent warming effect. If you apply Warm Sap Patch to the soles of the feet or the targeted area on the body, the body temperature gradually increases because warming pigments in the internationally patented microcapsules have excellent heating effect. Moreover, it may help promote the circulation of the blood. Recommended for those suffering from cold hands and feet even in fine weather.

## CUSTOM THERMOMETERS

### MAGNETIC ROOM THERMOMETER

Thermometer that allows you to constantly check the room temperature to experience comfort in every moment of our day and more. Thanks to the magnet on the back it can be, for example, easily applied to the refrigerator door or on other supports in metal (and the company logo will remain in the eyes of the customer for a long time).

Paper 250 g/sq.m  
Size 8 x 8,7 cm

### THERMO-RULER

Not only a ruler but also a real thermometer that allows a continuous monitoring of the room temperature to live in comfort at all times of the day: in the office, at home, at school or on vacation. It is a useful gadget for daily use and it can be made in any shape and design to fully adapt to specific needs.

Paper 380 g/sq.m  
Size 22 x 6 cm

### BABY THERMO-ROOM

Baby room thermometer to be hung on the door, it's equipped with a real thermometer, with microencapsulated liquid crystals, which allows you to monitor the temperature of the room, in order to prevent temperature fluctuations, which can damage your child's health.

Fully customizable (in size, design and shape), this thermometer can be perfectly adapted to the specific needs of any promotional activity, and the company logo will remain in the eyes of the customer for a long time.

Paper 300g/sq.m  
size cm 8,2 x 24,1

### STRESS BOX NOTEPAD

Box with white paper sheets and stress test, changing colour from black to brown/red, green and blue with hand heat.

Paper 350 g/sq.m.  
Size cm 8,5 x 8,5 x 2 cm.

## THERMAL DETECTOR CELLULITE LEVEL INDICATOR

Cellulite level indicator.  
Paper 150 g/sq.m. Size 13,2 x 9,4 cm

## STRESS & BLOOD CONTROL

Indicator of stress level and blood circulation.  
Paper 350 g/sq.m.  
Size cm 8,5 x 8,5 x 2 cm.

## WET & SEE

Perfect promotional gadget for competitions: it allows you to hide images, messages and make them return visible wetting the sensitive area. After a few seconds, when the card returns dry, the image will be hidden again. Ideal for creating original collections for children.

## COMFORTEST EVO

Comfortest Evo indicates the temperature perceived by our body by checking the ratio between the actual temperature and the relative humidity present in the air, both measured at the same time.

## SUN UV SENSORS

Sun UV sensor is the indicator of presence and intensity of UV rays that informs when the sun's rays become harmful, advising to apply the protective cream or if it is better to stop the exposure to avoid burns.

Useful and extremely easy to use, is completely customizable according to specific needs, also with area to write the name of the child and parents' phone number.

Polypropylene 5/10 mm  
Size 24,1 x 4,1 cm

Paper 150 g/sq.m size  
Size 24 x 2 cm

Polypropylene 3/10 mm  
Size 18,5 x 3,1 cm

The survival kit is an ideal product for outdoor emergency. With well-arranged contents, the kit provides most emergent treatments in an outdoor emergency. Equipped with a reflective belt, the backpack can be easily located outdoors.

A red backpack with the 'FIRSTSTAR' logo is shown next to its contents. The supplies include three packets of band-aids, a roll of adhesive tape, a roll of gauze, a green first aid kit box, a flashlight, a first aid manual, and other medical supplies.

- 
- The image displays three first aid kits. At the top left is a closed green kit with a white reflective band. At the top right is a closed red kit, also with a white reflective band. Below these, centered, is an open red kit. Its interior features a blue fabric organizer with pockets holding various supplies. Visible items include two pairs of scissors (one orange-handled, one blue-handled), several packets of band-aids, a roll of white bandage, a blue manual resuscitator (Ambu-bag), a blood pressure cuff with a gauge, a stethoscope, a white plastic container, and several individual packets of medical supplies like gauze and antiseptic wipes.

- 204

## FIRST RESPONDER KIT

An airtight and watertight kit made of thick polypropylene resin. The container's special characteristics permit the product to be used in all extreme conditions. It is used to prepare for emergency. Highly recommended for boat, sea platform, mountain fire brigade, and etc.

## PROMOTIONAL CAR AIR REFRESHNER

Customized fresheners and header cards printed on both sides in full colour. A head-card may be used as an additional place for advertising. Air fresheners are individually packed in airtight barrier foil bags and bulk packaging. All air fresheners have an elastic band or (at an extra charge) a plastic hook to attach the tag to the car.

Additionally - pendants can be attached to a cardboard box on which you can place information and advertising slogans.

Contact us for more details.

### OVER 1,200 SHAPES

A database of over 1000 ready-made dies shapes from which you can choose something for yourself without incurring additional costs (tooth for a dentist, shoes and sportswear, a wide range of vehicles, including a tractor, camper, truck, delivery vans, animals and characters, a wide selection shapes and sizes).

### CUSTOM SHAPES

We can make the pendant in any shape and any smell (for a fragrance from outside the base, you should assume a longer time for the preparation of the composition and its tests, and after approval for its production, but thanks to this we have no restrictions in the choice)

### STANDARD ELASTIC BAND COLORS

Choose from our palette of 16 band colors.

## 28 FRAGRANCES

A wide base of fragrances (28 fragrances, of which as many as 12 perfumed fragrances - some of them are equivalents of well-known perfume brands).

### STANDARD SCENTED PENDANT:

The pendant is made of a material that is commonly used by manufacturers, so-called Beermat. Pendant thickness approx. 1.5-1.7 mm.

### PREMIUM FRAGRANCE PENDANT:

Pendant made of excellent quality material. It is bleached cellulose with the addition of cotton - it perfectly absorbs the aroma composition, which makes it 100% reflects the original aroma. Pendant thickness approx. 1.8-2.0 mm.

### EXCLUSIVE FRAGRANCE PENDANT:

The solution for demanding customers who focus on very high product quality. The pendant is made of materials that are our own design, has excellent absorption properties, thanks to which the release time of the fragrance composition is extended and it can be soaked with more fragrance composition at the customer's request (for an extra charge of up to 4 ml). Pendant thickness approx. 4.0-4.5 mm.

## COLOUR CHANGING UMBRELLA

Color Changing Umbrellas makes your walk in the rain unique by colouring your custom design print as the rain wet the material. The hinged ribs permit the screen to be open and closed so that the umbrella can be carried with ease when not in use. Different sizes, material colors can be chosen at your request.

DRY

WET

**DID YOU KNOW** that color changing umbrellas in ancient Egypt, Mesopotamia, China, and India were used to protect important persons from the sun? The ancient Greeks helped introduce umbrellas into Europe as sunshades, and the Romans used them to protect against rain.

## INNOVATIVE CHILDREN'S WRISTBANDS

These designer gadgets were created with the aim of ensuring the safety of children, and to provide them with an original souvenir – a kind of treasure, which, at any time, summons the most precious of memories. The wristband can display any graphics – created upon your individual request.

### BENEFITS

An inspiring souvenir and treasure that will last for years, evoking the most beautiful of memories

An absolutely unique gift, which every child wants, as confirmed by many years of research and testing

The ability to record a lot of essential information (including caregiver's phone number, blood group, data on diseases, and medicines the child is taking)

Quick identification of a child in case he/she gets lost in a crowded place

Acceleration of medical intervention in case of an accident (records information such as blood group, allergies to drug ingredients, etc.)

Ultra-modern, soft, breathable, certified material that is highly durable

Thanks to invaluable quality and a personalized design, these wristbands create the image of a modern company, one that cares about the health and safety of its clients, customers, and employees.

## POMPONIAKI COLLECTION

Mini advertising mascots, colloquially known as Pomponiaki, are gadgets produced for over 20 years in hundreds of designs and millions of pieces. They enjoy unflagging popularity, they can be given, for example, during events, festivals, open days, as prizes in lotteries or as an addition to products. Mascots are advertising products, not toys. This product is not suitable for children under 3 years of age.

Use: keychains, phone cleaners, bookmarks or models with self-adhesive feet. For all of them there is the possibility of attaching the full color ribbons with the graphic designed by the client. Our Pomponiaki collection has over 100 models.

### FOR SMALL AND BIG, IS IT A GNOME OR A LITTLE GUY?

It's a unique mascot or pendant. There is room for your advertising on it.

### 6 REASONS WHY EVERYONE LOVES POMPONIAKI

they are sweet and cute

they bring a smile on the face of an adult and a child

they are perfect for creating collections

they are produced by hand according to your instructions

they cost little - just like a pen

they like to appear at events, festivals
