Recycled Claim Standard

Certified Recycled Tech

The Recycled Claim Standard is an international, voluntary standard that sets requirements for thirdparty certification of recycled input and chain of custody. The shared goal of the standards is to increase the use of recycled materials.

Why do you need RCS certification for items

This certification ensures that the identity of the recycled materials is maintained: from the recycler to the final product.

When is RCS applied to an item?

RCS is the standard used when part of a product, but not the entire product has been made from recycled materials.

Who makes the RCS certificate

The RCS certification is made by an appointed third party who has no business relation with anyone involved in the production chain of the product.

For more information about RCS visit the global union website:
www.certifications.controlunion.com/en

UV-C humidifier

Humidifier made from durable ABS with integrated internal UV-C light that will look good on any table top. The humidifier will produce a mist to keep any living space healthy with optimal air quality. In winter it will make sure there will be less dry air and in summer it will have a cooling function. The nozzle produces very little sound so it's even suitable to use at night. The integrated UV light will kill up to 99,9% of potential harmful bacteria in the water before being sprayed. Including 2 extra cotton sticks to replace the original one. One cotton stick will last up to 8 months of permanent use. Content: 200 ml that needs to be refilled after 4 hours of usage. UV-C wavelength 270nm-280nm. UV-C light will only be activated when item is closed. Including 120 cm PVC free TPE micro charging cable

Size 11,6 x ø 7,4 cm **Max. printsize** 20 x 40 mm **Printtechnique** Pad print

P301.123

UV-C steriliser box

Multifunction UV-C steriliser that kills up to 99,9% of the bacteria placed inside the device. Simply place objects like earbuds, jewellery, watches and facemask inside the steriliser to sterilise them using UV-C technology. You can choose to do a quick clean in 90 seconds or a complete clean in 5 minutes. The 2 UV-C LED light inside is non-toxic and made without mercury like many UV lamps in the market. The design will also ensure that the UV-C led light will switch off automatically when the box is opened so the user will not be exposed to the UV-C light. The lights have a lifecycle of 10.000 hours. Including 100 cm PVC free TPE type C cable

Replaces up to 100 traditional wood pencils

Tree free

No sharpener needed

Tree free infinity pencil

This Tree free infinity pencil replaces your traditional wooden pencil. Traditional wooden pencils write only up to around 200 metres, but this Tree free infinity pencil, has a writing length of up to around 20000 metres using a graphite tip to produce a graphite line. Not only does it write like a pencil, but the markings can be erased. It works by leaving a graphite line on paper just like a regular traditional wooden pencil but it wears down so slowly, that it should outlast up to 100 traditional wooden pencils!

Multifunctional scarf

This one size multifunctional scarf can be worn in multiple ways. Use the scarf, for example, as a face cover when going outside and avoid your hand touching your mouth and nose. Also reduce the spread of saliva drops while talking, sneezing or coughing. The scarf is made from soft polyester that is lightweight, breathable and feels soft and comfortable on your skin. Easy and convenient to have in your bag! It is perfect for evening walks, early morning rides or even for a night run. Machine wash at 30 degrees.

USB lighter

This electronic lighter can light up your bbq, candle or other object without creating a flame by using plasma (single arc) which is hotter and more stable than a flame. The lighter is easy to use and is even wind proof and therefore perfect for outside. This lighter can be used up to 100 times on one charge and can be re-charged with the included micro USB cable. This lighter will make sure you never need to buy a new lighter again and can be used without using fossil fuels or chemical components. Because the lighter is not burning any fuels it is complete odourless and does not creat CO2 output when using the item.
