For the globe

for a better world

05

ORGANIC
COTTON

Be the change you desire for the world. Be a *For the globe* person.

For The Globe is a collection of products that was born with the aim of creating a better world, betting on solidarity and environmental initiatives. This collection presents a range of products belonging to our best sellers, and a percentage of the profits from our sales will go to one of the four causes that the buyer prefers. These four causes consist of four NGOs that this collaboration will support, covering different aids: from the fight against cancer to the reforestation of forests. Therefore, this collaboration goes a step further in our commitment with the world and our clients, who accompany us.

A percentage of these products, NOT PASSED ON, goes to the NGO chosen by the client.

These labels explain the solidarity initiative to the end customer. They can include your logo and are free.

Tree Nation

It consists of planting trees and as a consequence offsetting CO2 emissions. With this collaboration every time you plant a tree Tree Nation calculates how much CO2 you're offsetting so you can track your impact.

The Ocean Clean Up

It is a non-profit organization that develops advanced technologies to remove plastic from the oceans. Collaborate with them with the aim of being able to support and help in this cause.

AECC

The fight against cancer is everyone's business. One in two men and one in three women will develop cancer. Given this, we have the opportunity to have an impact in this environment by helping to reduce the first socio-health problem in Spain, cancer.

Banco de alimentos

The objective of the Food Bank is to recover food surpluses in perfect conditions for consumption and redistribute them free of charge through charitable entities to disadvantaged people.

Creating—true connections

The message to be conveyed is written on a customisable paper, made of wood pulp with FSC-certified, sustainable and biodegradable, to which we add seeds that have been chosen for their easy germination.

Leave it overnight covered with water

Place it on top of the soil and cover it lightly.

Always keep the paper damp.

Within a week, depending on the time of year, it will start to sprout.

Make it —Europe

Tell us about your product and let us take care of the rest.

The Made in Europe label indicates that the product is mainly manufactured in the European Union and is also a seal of quality and excellence, which is why we offer you the possibility of "Europeanising" some of our best sellers by manufacturing them locally and with the best material, tell our team what you want us to make and our design team will take care of the rest.

Choose the material we'll use to make your personalised item

Our materials have the highest certifications of responsible and sustainable origin, so that you can boast of an exclusive and world-conscious article.

RPET polyester

From bottles of recycled PET.

Recycled polyester

Obtained from recycled polyester fibers.

Fairtrade cotton

Fair trade guarantee and support for small producers

Creating—true connections

Color — 4Life

Introducing our new personalisation service, cotton items dyed in the Pantone® colour of your choice. A logo, a new product, a campaign through colour.

The red colour of Coca-Cola, the blue of the European Union flag or the green of Greenpeace, each company has a corporate colour that makes it unique and differentiates it from the rest. That's why we have created our customised dyeing service for a selection of cotton items, designed to make your brand more visible than ever, the process is very simple, choose one of the following references, tell us your Pantone® colour and we'll do the rest. We dye with your Pantone colour.

- Minimum dyeing: 25 Kg
- Product shrinks by 15% of its size
